

## **Past Presents Creative Writing Workshop with Anna Woodford and the residents of Windsor House Older People's Home**

**When:** 12.30- 3.30pm Wednesday 22nd February

We are looking for individual volunteers from our member organisations to take part in a Past Presents Creative Writing Workshop with Anna Woodford and the residents of Windsor House Older People's Home.

We are delighted to be able to offer you the chance to join in the free creative writing workshop with poet Anna Woodford and the residents of Windsor House Older People's home next Wednesday 22nd February 12.30-3.30.

The workshop has been funded by the Co-motion project; a partnership between York University, First York and CYC to raise awareness of older peoples' experiences.

### **The Workshop:**

- In this friendly informal creative writing workshop, volunteers will be finding ways to talk and write about memories using everyday objects from a pebble to a ring to a photograph.

-After undertaking a one hour workshop with Anna and having a short break volunteers will then work with the residents of Windsor House who will also be bringing an object personal to them.

-Volunteers and residents will pair up and share the experiences and memories of the past and present that are evoked through their objects.

-Volunteers to bring along an object that you would like to work with and a pen, paper and sense of adventure!

**If you would like to take part please let us know as soon as possible either by emailing [info@yorkcares.co.uk](mailto:info@yorkcares.co.uk) or calling 01904 322855.**
